CITY HALL

FROM THE MAYOR:

Have you ever been to Spain?
Have you ever fallen and fractured a rib?
That's what happened to me in Spain, and it has kept me from being active as your Mayor. Now that nine weeks have passed and all medication is gone, I feel great.
Thanks for all you do to make Seaside a great place to live and our tourist seem very happy too.

SEASIDE 2034 TOWN HALL MEETING:

The City of Seaside will host a town hall meeting on Monday, August 4, 2014, at 5:30 p.m. at Bob Chisholm Community Center, as it moves closer to wrapping up the 20-year visioning project, "Seaside 2034: Building a Bridge to our Future."

The meeting comes after several months of individual surveys, community meetings based on key topics the public was interested in, and interaction with the Seaside City Council. Facilitating the Town Hall will be Portland-based strategic planning and consulting firm, Corragio Group. Corragio was one of three agencies that submitted a proposal for the project.

LIBRARY

Has something got your goat? Then meander on down to the library this Saturday, July 12, 2014 at 11:00 a.m. for our Farm Animal Family Story Time featuring real live goats. Here we goat again with a great kids event that will make families goat serious about our four footed friends. Not a fan of these Mammalia? That's ok, whatever floats your goat.

It's alive! It's alive I tells ya! That will be the cry at the Teen Tuesday Life Sized Me craft event.

Participants will draw their bodies on a huge piece of paper and then turn it in to a groovy rendering of they bad selves. The creations will be blowin up on Tuesday, July 15, 2014 at 3:00 p.m. Don't goat me started about all the fun a teen can have at the library this summer.

Relive your youth on Thursday, July 17, 2014 at 7:00 p.m. as we explore, "Driftwood Forts of the Oregon Coast" with author James Herman.

This dynamic and original book, about a totally undocumented pastime, blends reportage, meditation, history, art, and photojournalism, along with a large dash of fun. Herman will guide us through the process of building one of these wonderful structures. I've goat a feeling this will be a very interesting event.
