

CONDITIONAL USE - ARTICLE 6

TYPE 2 - PLANNING COMMISSION DECISION

FEE: \$ 675.00

In certain districts, conditional uses may be permitted subject to the granting of a Conditional Use Permit. Because of their unusual characteristics, or special characteristics of the area in which they are to be located, conditional uses require special considerations so they may be properly located with respect to the Comprehensive Plan and to the objectives of this Ordinance.

The Planning Commission shall have the authority to approve, approve with conditions, or disapprove Conditional Use Permits in accordance with the provisions in Article 6 of the Seaside Zoning Ordinance.

In addition to those standards and requirements expressly specified by the Ordinance, the Planning Commission may impose conditions, which are necessary to protect the best interests of the surrounding area or the city as a whole. These conditions may include the following:

1. Increasing the required lot size or yard dimension.
2. Limiting the height of buildings.
3. Controlling the location and number of vehicle access points.
4. Increasing the street width.
5. Increasing the number of required off-street parking spaces.
6. Limiting the number, size, location and lighting of signs.
7. Requiring diking, fencing, screening, landscaping or other facilities to protect adjacent or nearby property.
8. Designating sites for open space.

The Planning Commission will make a determination concerning a conditional use based on the applicant's justification of the following statements:

1. What is the proposed use in the zone?

2. How will the development conform to the general development standards in Ordinance and the specific standards in the zone?

3. How will the development meet any of the applicable standards in Article 6?

4. Describe any additional measures (if any) the applicant will take in order to protect the interests of the surrounding area or the city as a whole.

5. Provide a site plan, drawn to scale, which indicates the following: the actual shape and dimensions of the lot, the sizes and locations of buildings and other structures (existing & proposed), the existing and intended use of each building (include floor plans), and other information need to determine conformance with the development standards in the ordinance (e.g. setbacks, parking spaces, fences, accesses, landscaping, neighboring buildings, or uses, etc.)
