- ROLL CALL** Present: Mayor Jay Barber; Councilors Randy Frank, Steve Wright, Dana Phillips, Seth Morrisey, and Tom Horning.

- Also Present: Mark Winstanley, City Manager; Dan Van Thiel, City Attorney, Dale McDowell, Public Works Director; Russ Vandenberg, Convention Center & Visitors Bureau General Manager; Bruce Holt, Seaside Police Lieutenant; and RJ Marx, Daily Astorian/Seaside Signal.
- AGENDA** Mayor Barber stated he would entertain a motion to approve the agenda.
- Councilor Phillips so moved with a second from Councilor Frank; carried unanimously. (Phillips/Frank)
- INTRODUCTION – STUDENT REP.** Student Representative Laura Oros was not at the City Council meeting.
- COMMENTS – PUBLIC** Tim Mancill, 755 N. Wahanna Road, stated he wanted to talk about the homeless problem in Seaside. Mr. Mancill further stated he lived on Wahanna Road and there was a lot of brush behind his home and for three summers every time it dries out they set up camp. They go through his yard leaving his water running, stole a pair of boots off his front porch, stole his garbage can, and all of that was found in a homeless camp across the street along with thousands of needles and also stolen bikes. Mr. Mancill has had to call the police a dozen times this summer on them and had to set up no trespassing signs and a security camera back there now and that doesn't do anything to discourage them from walking through the yard but just gives him teeth to press charges. Mr. Mancill further stated the problem he was having with this is that the problem is getting worse and this summer was unbearable. The City police say the City Attorney says that the Unlawful Lodging Ordinance was not enforceable the way it was written and they cannot cite the people but can only move them down the road and then they move down three hundred feet and set up again. Mr. Mancill further stated the same people in his back yard were over standing in Safeway and some of them threaten you when you don't give them money and the City needed to do something about this panhandling and he knows the City Council tried and it was tabled. Warrenton was working on doing something about it and were working on it. Portland was buying them bus tickets and sending them down here. Mr. Mancill further stated he did not know where the City needed to go to discourage these people from being here and maybe we need to ban panhandling or fix the unlawful lodging ordinance. The wetlands were now flooded and they would not set up camp again until summer. The City needed to be a leader or take charge and figure out what can be done to get rid of this problem because it was trash in our town. If residents like him have a nice piece of property we can't feel secure and leave things outside and has to make sure the garden hose is not left running.
- Mayor Barber stated Council was well aware of the issues that were raised and every community in Oregon was dealing with the same problems and it doesn't mean we shouldn't be trying to do something.
- CONFLICT** Mayor Barber asked whether any Councilor wished to declare a conflict of interest.
- No one declared a conflict of interest.
- CONSENT AGENDA** Mayor Barber asked for a motion to approve the consent agenda.
- Consent Agenda: Payment of the Bills - \$1,172,152.49; and Approval of Minutes October 9, 2017.
- Councilor Frank so moved to approve over a million dollars with a second from Councilor Morrisey; carried unanimously. (Frank/Morrisey)
- UNFINISHED BUSINESS:**
- VACANCY – PARKS ADVISORY COMMITTEE** Mayor Barber stated there were two vacancies on the Parks Advisory Committee with Chris Quackenbush and Steve Phillips resigning.

There were no applications received and the vacancy would be left open. Mayor Barber further stated Council would be looking at some of the requirements of all the Boards, Committees, and Commissions.

PUBLIC HEARING

This was the duly advertised time and place to hold a public hearing regarding A Resolution Adopting and Appropriating Supplemental Budget Increases of Greater than 10% for the 2017-2018 City of Seaside Budget.

RESOLUTION #3904

A RESOLUTION ADOPTING AND APPROPRIATING SUPPLEMENTAL BUDGET INCREASES OF GREATER THAN 10% FOR THE 2017-2018 CITY OF SEASIDE BUDGET.

Mr. Winstanley explained this time of year the audit for the City was completed and he has a copy of the draft audit and that allows the City to go ahead and tweak all the beginning balances so that the budget and beginning balances were all in line with each other. That results in a series of resolutions that need to be approved by council. Mr. Winstanley further stated Resolution #3904 was a public hearing resolution to adopt and appropriate supplemental budgets that increase by more than ten percent. These are very minor changes but the increase that was taking place was greater than ten percent.

Mayor Barber opened the public hearing.

There were no public comments and Mayor Barber closed the public hearing.

Mayor Barber asked for Council comments, there were no Council comments.

Mayor Barber stated he would entertain a motion to read by title only.

LIQUOR LICENSE

Mayor Barber stated there was a liquor license application received from Culinary Capers, 340 Avenue 'E'. Mayor Barber stated the application was for a Full On-Premises Sales License, and was for a new outlet. Mayor Barber asked if the owner or representative was present and Vivienne Higgs who was the owner, was present for Council questions.

Vivienne Higgs, 340 Avenue 'E', Seaside, stated she was the owner of Culinary Capers which was a Catering Business and the liquor license was for events that she caters. Ms. Higgs further stated she opened the business in March of 2000 and what she has been doing for a liquor license when she caters is to have the police chief sign off on the liquor license for each event. This liquor license allows for a full liquor license for her catering service and even though she did not do a lot of events that served alcohol she needed it for her corporation catering that she does.

Councilor Frank stated the liquor license was for her catering event locations and not the location on Avenue 'E'.

Ms. Higgs stated she did quite a bit of catering for the Hallmark Resort in Cannon Beach and for the Tolovana Inn.

Mayor Barber stated he would entertain a motion for the liquor license.

Councilor Frank so moved to approve the liquor license for Culinary Capers with a second from Councilor Phillips; carried unanimously. (Frank/Phillips)

**RECOGNITION –
LIEUTENANT
BRUCE HOLT**

Mayor Barber stated he made some reference to Lieutenant Holt and he had a question. Is there anything special about this day?

Bruce Holt, Seaside Police Lieutenant, stated thirty-four years ago he started his law enforcement career right here in Seaside, and today was his thirty fourth year of employment with the City of Seaside.

There was applause from the Council and audience.

Mayor Barber stated he understood Lieutenant Holt was the longest serving employee with the City of Seaside.

Lieutenant Holt stated his goal at this point having achieved this mile mark is to outlast Mark Winstanley he has made this a well known thing between them.

Mayor Barber stated it was an honorable goal and the Council appreciated his faithful service and were glad to have him on their team for thirty-four years.

**APPROVAL –
KIWANIS CHRISTMAS
TREE SALES**

Mayor Barber stated the Council had a four year agreement with the Kiwanis previously.

Mr. Winstanley stated it was a five year agreement and that had expired. It was not so much of an agreement as that they were asking the City of Seaside to waive the business license fee since they are a non-profit organization and this is their biggest event. The Seaside Kiwanis Club has requested the City Council approve the annual Christmas tree sales for the next four years and waive the business license fee of \$75.00 for each year. The Christmas tree sales will be located at the Seaside Factory Outlet parking lot. This is the same location as the previous years. Council previously waived the business license for Seaside Kiwanis for five years starting in 2012 and expired last year in 2016.

Memo from Darren Gooch Kiwanis Christmas tree Committee Chair: The Kiwanis Club of Seaside has had a long history with its annual Christmas tree sales at the Seaside Outlets. The annual sale of trees is by far the biggest fundraiser our club has throughout the year and allows us to be able to continue funding youth oriented programs all around Clatsop County. Tree sales begin the Thursday following Thanksgiving and generally finished up within fourteen days. Last year, our club supported the good work of the Miss Clatsop Scholarship Program, the Food 4 Kids Backpack Program, Byron Meek's "The Program" at Seaside Heights Elementary, scholarships for Camp Kiwanilong attendees, and so many more. We are requesting that the Council renew our approval for Christmas tree sales at the Seaside Outlets for another four-year period. We appreciate your consideration and on-going interest in our club's efforts to support the youth of Clatsop County.

Mayor Barber stated he would entertain a motion.

Councilor Phillips so moved Council extend the five year agreement, permit free for the Kiwanis with a second from Councilor Frank; carried unanimously. (Phillips/Frank)

The beginning balance that the City estimated was too high and that budget was being reduced by the appropriate amount.

RESOLUTION #3906

A RESOLUTION ADOPTING AND APPROPRIATING SUPPLEMENTAL BUDGET INCREASES AND REDUCTIONS OF LESS THAN 10 PERCENT FOR THE 2017-2018 CITY OF SEASIDE BUDGET

Mr. Winstanley explained Resolution #3906 was a resolution adopting and appropriating supplemental budget increases and reductions of less than 10 percent for the 2017-2018 City of Seaside Budget. This resolution is fairly extensive with a number of funds with a lot of detail. The Public Safety budget was being adjusted for the beginning fund balance and was also receiving a \$145,000.00 grant for breathing apparatus for the fire department. The fire department with the dedication for all they do, this summer went and helped with fires in the State of Oregon and the State of California and they were required to reimburse for the cost incurred in going to those fires. That money was also being re-budgeted since the fire department incurred a great deal of cost in helping with those fires and the budget would go up by \$350,000.00.

Mr. Winstanley explained Resolution #3907 was a resolution regarding Clatsop Economic Development Resources (CEDR) who made a request to the Budget Committee in May, 2017, for \$10,000.00 as the part of the City contribution to economic development.

RESOLUTION #3908

A RESOLUTION OF THE CITY OF SEASIDE, CLATSOP COUNTY OREGON, AUTHORIZING THE ISSUANCE OF REVENUE BONDS TO CONSTRUCT, REPAIR, EXPAND AND FURNISH THE CITY'S CONVENTION CENTER AND DIRECTING PUBLICATION OF A NOTICE OF INTENT TO ISSUE REVENUE BONDS

Mr. Winstanley explained Resolution #3908 was a resolution of the City of Seaside that authorized the issuance of revenue bonds to construct, repair, expand, and furnish the City's Convention Center. The City Council, Convention Center Commission, and a number of people have been involved in work to do a renovation and refurbish the convention center. This project was estimated to be in the area of \$15,000,000.00 and that will require the City to issue revenue bonds in order to pay for that renovation work to take place. Earlier Council made arrangements for how these bonds would be paid back by increasing the room tax from eight percent to ten percent and then implementing that increase. That is already in place and what this resolution will do is authorize the city to go ahead and move forward with issuing revenue bonds in an amount that will not exceed \$15,000,000.00. This resolution allows for a number of things and gives permission by the Council to move forward with doing this work. The first thing the resolution does is it establishes your intent that you want to go ahead and issue those revenue bonds and that is an important aspect because this basically this signals to the financial market that you would be looking to issue those bonds. It also instructs staff to go ahead and advertise that you will be issuing the bonds and we have to go out and tell the public that the Council was looking at issuing \$15,000,000.00 worth of bonds and if the public had concerns or questions they can refer those to the Council. This resolution also states our intent to be in compliant with all state laws that are required in municipalities in order to issue revenue bonds.

Finally this resolution appoints a bond Counsel which is very important for issuing bonds legally and the law can be very complex when issuing bonds. This resolution states Mersereau Shannon LLP who has been used for many other bond issues and the Council will appoint them to be the bond counsel in connection with the issuance of the revenue bonds. The resolution also appoints a financial advisor and the Council will be appointing SDAO Advisory Services LLC to serve as financial advisory in connection with the issuance of the revenue bonds. The resolution also allows for the Mayor and City Manager to be the signers on all the bond documents and will be responsible for representing at any meetings.

**APPOINTMENT - CITY
RECORDER POSITION**

Mr. Winstanley stated the City Manager by Charter carries many hats and unfortunately actually staff that does the work of the hats he carries doesn't get the recognition that they deserve. One of those hats he wears is the City Recorder and the City Recorder is a position that only the Council can appoint but the reality of how this works is that Kim Jordan does all the work of a City Recorder and his function was to sign the documents where it says City Recorder signature. Mr. Winstanley further stated he would like to change that by asking the City Council to appoint Kim Jordan as the City Recorder and take that away from him and give her those responsibilities and recognize her for the work she already does. Mr. Winstanley further stated he was recommending the City Council appoint Kim Jordan as the City Recorder and from now on not only can she do the work but also she gets the recognition of actually being the City Recorder.

Mayor Barber stated he would entertain a motion to approve.

Councilor Wright so moved to appoint Kim Jordan as the City Recorder with a second from Councilor Morrisey; carried unanimously. (Wright/Morrisey)

**VACANCY -
LIBRARY BOARD**

Mayor Barber stated there was one vacancy on the Library Board with one term expiration from Catriona Penfield who wished to be reappointed. Mayor Barber asked Council what they wished to do.

Councilor Phillips moved to reappoint Catriona Penfield to the Library Board with a second from Councilor Morrisey; carried unanimously. (Phillips/Morrisey)

The term expiration for Catriona Penfield would be December 31, 2021.

**COMMENTS -
CITY STAFF
AND OTHERS**

Russ Vandenberg, Convention Center & Visitors Bureau General Manager, thanked the Council for the approval of the resolution for the bonds as we move forward with the project which was moving along nicely as we move into the design phase and by selling the bonds we will be able to issue a construction contract when the time comes which was anticipated to be around the first of the year. Mr. Vandenberg further stated he planned to be on the next City Council agenda to give Council an update on where we are with the Convention Center Expansion Project. Mr. Vandenberg further stated the website for the Convention Center has been updated and launched on Wednesday, and you can look at it at seasideconvention.com.

Dale McDowell, Public Works Director, stated it was an exciting time of year because we starting to light the city up with Holiday Lights which will be going up. There was a new speed radar sign on Edgewood so you can see how fast you are going.

Councilor Morrisey asked if it has helped slow people down.

Mr. McDowell stated the lanes were narrowed down and they followed all the ODOT rules on slowing people down and the speed signs will be there to see if that will help.

Councilor Frank stated he travels that road a lot and he thinks it has impacted the traffic on the road.

Mayor Barber stated he went out today to watch cars with the new speed signs and every car hit their brakes so it is working.

Lieutenant Holt stated the shooting investigation continues and very active with the Seaside Police Department. The police department has currently lost their communications manager and that position is out and open through City members through this week. Shauna Woods was promoted to detective and would be the third detective in place. There was a lot of growth in the reserve program and those could be viable candidates in the future to hire. The department continues also with the vacant position in the dispatch department.

Mr. Winstanley commended two of the police officers for two calls that had taken place in the City of Seaside. The fire department was called out but the police were on scene first and were working on the person when the fire department arrived.

The next meeting would be in Tillamook to go over the Tillamook Housing Report.

Councilor Morrissey stated he was happy to have Councilor Frank back and thought he would just sail off into the sunset with the van. Mayor Barber stated if you see Chris Quackenbush or Steve Phillips then thank them for serving on the Parks Advisory Committee for so many years and those are the two positions we are looking to fill. The City has a great team, all of our staff the fire, police, public works, and the crew in the office, we are really blessed to have such a competent effective team, and it must have something to do with the City Manager.

Mr. Winstanley stated the Council was going to set a date for a workshop.
